OUR PHILOSOPHY

**AT MINOGUE MEDICAL INC,
WE BELIEVE THAT NUTRITION IS
ABOUT ENHANCING PEOPLE'S
HEALTH, NOT RESTRICTING IT.**

Inspired by the Latin word 'Novo' (new, fresh) and 'Vita' (life, vitality), we created an evidence-based, powdered meal replacement that provides essential nutrients needed for energy, muscle support and maintaining appetite.

WHAT IS NUVОВI?

Enhance your clients/patients nutrition status with a high protein, medically-formulated meal replacement. NuvoVi is focused on enhancing nutrition, support muscle health, hydration and energy levels when nutrition may need extra support.

**Scientifically Backed
Meal Replacement**

**High in Protein, Fiber,
and Contains 23
Vitamins and Minerals**

**Dietitian-Formulated
and Recommended**

OUR MISSION IS SIMPLE

**To enhance nutrition status before, during
and after treatments affecting body weight.**

Designed by healthcare professionals, NuvoVi delivers high-quality protein, key vitamins and minerals and nutrients to enhance nutrition status.

LEARN MORE

INTENDED USAGE

Intended to be used as part of an evidence-based obesity care plan, NuvoVi is a simple, convenient option to support people who:

- Are losing weight, voluntary or involuntary
- Are at risk of losing muscle mass
- Are preparing for or recovering from surgery, illness or injury
- Have a low appetite
- May not be getting enough to eat during the day

WHY CHOOSE NUVОВI?

High-Quality Protein

22g of protein to support muscle health and sustain fullness.

Balanced Nutrition

A complete meal with 23 essential vitamins, minerals, and nutrients, like fiber.

Dietitian-Formulated

Expert-crafted for optimal energy, fullness and to curb cravings.

NuvoVi is designed to be a medical nutrition therapy option as part of an obesity care plan (monitored and supported by your registered dietitian/nutritionist or healthcare provider).
